PRODUCTINFOS

A high-performance active subwoofer for every occasion.

The PSUB-18L with a 46 cm bass speaker and an 800 W power amplifier complements every high-quality PA system with its outstanding efficiency and an extra powerful deep bass reproduction. It is, for example, a perfect subwoofer addition for the L-RAY systems from IMG STAGELINE.

Professional active subwoofer system, 800 W

- Professional high-performance subwoofer
- Band-pass cabinet with black textured coating
- Double ventilation
- 46 cm (18") bass speaker of long excursion
- High-power amplifier section with integrated limiter
- Fixed subsonic filter (25 Hz), gain control and variable active low-pass filter
- Phase reversal switch as well as various protective circuits
- Lateral carrying handles
- Stand sleeve at the top
- Extra powerful sound with a good low limit frequency
- Excellent efficiency

tools4music 05/2011

"Subwoofer of neat workmanship [...]"

SOUNDCHECK 04/2010

"The speaker system provides a really mature sound. This subwoofer is able to clearly increase the volume with increasing high-cut. That's how bass frequencies must be reproduced."
