Attention guaranteed!

With our range of reliable megaphones, we provide the perfect solution for each application. A few basic selection criteria will help you to choose the right unit. The operating range surely is the most important one. Here, the following applies: with increasing sound pressure (in dB), the operating range of the megaphone increases, too. Furthermore, it is possible to choose between megaphones with integrated microphone, with hand-held microphone or units with an additional wireless microphone. Each megaphone from MONACOR is supplied with power by standard batteries. As an alternative, a few units also feature a 12 V connection. Size, weight and power supply are further selection criteria for choosing the right megaphone. With these comparison criteria, you will surely find the ideal megaphone meeting your individual requirements very quickly.
